

CBRNe^{15th}

PROTECTION SYMPOSIUM

Meet us at the Exhibition of CBRNe protection equipment in Malmö

We will be exhibiting during the 15th CBRNe Protection Symposium 30th September - 2nd October 2025 in Malmö, Sweden, and would love to meet you there!

Have a look at the newest commercially available state-of-the-art equipment related to CBRNe protection and talk with industry and institutes about their latest products and research in an inspiring environment. And while you are there, why not listen to invited distinguished speakers and other scientific presentations? The CBRNe Protection symposium is held every third year with approximately 700 attendees coming from

30 different countries around the globe. The Swedish Defence Research Agency (FOI) is co-organizing the symposia with a number of Swedish government agencies to create the best symposia there is, with both the width to cover all topics, and the depth covering the latest research in the CBRNe protection field.

The symposium is arranged by FOI, Swedish Defence Research Agency.
